

## THE STORY OF SAMSON

God had plans for his people. Listen to the story of Samson.

### Let's Get Started

**Episode Theme:** Worshiping God - God Calls His People.

1. Are you someone who likes to know the plan or schedule for an activity? Does it feel comforting to know how everything will happen, or do you like to be surprised?
2. [Judges 14](#) tells the story of parents who were confused and disappointed in their son's choices. They didn't know that his choices were part of God's plan to bring justice for his people. As you listen to the story today, think about how you might be able to see God's plan better as you look back on things.

### Memory Verse

(His parents did not know that this was from the Lord, who was seeking an occasion to confront the Philistines; for at that time they were ruling over Israel.)

**Judges 14:4**

### After You Listen

Wow. Samson was quite a character in God's story, and he's not a role model. He makes bad choices throughout his adult life. He had little control over his temper; people easily manipulated him; he was violent and very arrogant. What a surprising person for God to choose! On the surface, his life looked like a disaster. But God does not just work on the surface. He had long-term plans to free his people from the evil Philistines who had taken over Israel. Nothing could stop God's plans: not even a deeply flawed man like Samson.

But the people could not see God's big plan. They could only see Samson messing up, time after time, until finally, he seemed utterly defeated and humbled. God gave Samson incredible strength, but Samson relied on that strength instead of on God. Only when Samson's strength was gone was he able to repent, and then God put his plan into action. God was able to destroy all of the Philistine leadership in one blow and free his people.

[Proverbs 19:21](#) says that people can make all the plans they want, but ultimately, God's plans will prevail. That is very comforting when the plans we make don't turn out. Nothing can stop God's plans, and his plans are always good.
