January 1, 2025

Are you looking for a fun, meaningful way to connect with your kids while deepening their understanding of God's Word? [Kids Corner's "The Bible in One Year" plan](#) is the perfect way to engage your family in a year-long journey through the Bible. Designed especially for children and their parents, this 52-week guided plan can start at any time and brings the Bible to life with interactive elements and engaging audio stories.

Here's why your family will love it:

What is the Kids Corner Bible in One Year Activity?

This [plan](#) offers:

- **Weekly Bible Passages:** Focus on key stories from Scripture that reveal God's rescue plan.
- **Audio Bible Stories:** Links to [Kids Corner's Bible Stories](#) podcast introduce each passage with engaging storytelling and sound design.
- **Discussion Guides:** Fun quizzes, thought-provoking reflections, and weekly challenges spark meaningful conversations.

Your children will meet real people from the Bible, discovering how God called them to fulfill their roles in His big story. And you'll be there, learning and growing alongside them every step of the way.

How Does It Work?

Follow these simple steps to make the most of this activity:

1. **Post the Plan:** Place [the reading plan](#) somewhere visible for everyone to see, like the refrigerator.
2. **Listen Together:** Start the week by listening to the KC Bible Story podcast: [Kids Corner Bible Stories](#).
3. **Discuss and Explore:** Use the discussion guide to quiz each other, reflect on the story, and complete the weekly challenge as a family.
4. **Read the Bible:** Dive into the Bible passage for the week. The next day, read the story from a children's Bible storybook. Compare the two and talk about what you've learned.

5. **Ask Wondering Questions:** Encourage curiosity and critical thinking with questions like:

- “What do you think the story is about?”
- “What is God doing in this passage?”
- “Why do you think this chapter is important?”
- “Do you like this verse?”

6. **Adapt for Your Family:** Find a rhythm that works best for you! Dedicate a few minutes each day or set aside a focused family time once a week.
