

JOIN THE PRAYER TEAM

March 18, 2022

Friend,

Will you join me in praying for the *Kids Corner and ReFrame Ministries* community? Every year we receive thousands of requests from our readers who are in need of prayer. And as our community has grown, so has the number of prayer requests.

A few years ago, we expanded our [Prayer Ministry](#) to make sure that each and every prayer request would be earnestly prayed for. Our prayer team consists of prayer warriors from the Kids Corner community as well as the other sister programs of *ReFrame Ministries*.

Here are some prayer requests that have come from Kids Corner readers:

Sophia asks for prayers to become stronger in Christ in uncertain times.

Conner shares: ***“Pray for me and my family during recovery and renewal from divorce. Pray for my six year old brother James, and my mom and dad.”***

Damarious asks for prayers for her daughter. ***“Pray for my daughter, she has neurofibromatosis, and as a result she has spots all over her body. She never really thought about them until someone said she didn't want to play with her because of them. She worries others will laugh at her and not want to play with her when they see them.”***

Judy shares: ***“My boys don't have friends. They both struggle with Fetal Alcohol Syndrome, ADHD, autism, and conduct disorder... so of course with all of these they struggle with anger, social skills, and if they make a friend, they sure can't keep a friend.”***

Together, the prayer team serves the Lord by praying for brothers and sisters in Christ. One of the challenges is that we rarely have personal relationships with the people for whom we pray. God listens and will always meet that person's needs. God works through the prayers of his people, and even if we don't know quite what to pray—for ourselves, for our loved ones, or for the individuals who are on the prayer list—there are always ways to pray in accordance with the will of the Father. What a privilege to come to the Lord in prayer.

As you go through your week, please lift up these members of our community in prayer. They will be comforted knowing how many people are praying for them.

If you would like to be part of our prayer team and receive prayer requests every week, you can join here: [Join the Prayer Team.](#)
