Waiting is hard. But often it can make the time go faster if you do something while you wait. What if you were told to *love* while you waited? Would that make the time go faster? People usually think of love as a feeling. Did you ever think of love as an action? Well, God's love is active!

In John 13, Jesus told his disciples that he would soon be going into heaven and that they would have to wait for him to return. But Jesus gave his followers something to do while they waited: love one another with the same love that he had shown them. Jesus' love is self-sacrificing love that puts the needs of others first. It's not just a feeling; it's a love that acts! It touches people's lives, heals them, feeds them, comforts them, cries with them, washes their feet, and even dies for them. That is a difficult kind of love! The Holy Spirit gives you this kind of active love as one of the "Fruit of the Spirit." Sharing that gift shows people that you are a follower of Jesus.

Advent has been a time of waiting. But while you waited, you loved others by sharing your gifts of kindness. You practiced the job Jesus gave to his disciples; to love one another! You did something! You put hope, peace, and joy into action! Christmas is next week, but we are still waiting for Jesus to come back, so there is plenty of time to fill with love. What are you waiting for?

## Prayer

Loving Jesus, you gave us a new command to love one another. Help us to do this difficult kind of love, so that everyone will know that we are your disciples. Amen.
