CASEY'S DAY

What do you do when you see something wrong in your neighborhood or school? Do you ignore it or just complain about it? When you find a way to fix it, then you can be an *agent of change*. That's someone who sees the problem—big or small—and takes action to make change for the good of everyone around them. Agents of change aren't just grownups; there are young people all over the world who are agents of change. Their young age doesn't stop them from fixing a wrong and making it right. (Have you checked out the [Kids in Action](#) series?)

In today's verse, the apostle Paul encourages Timothy, who is serving God as a young preacher in a big church. Paul gives Timothy two pieces of advice:

1. **“Don't let anyone make fun of you, just because you are young.”** Paul's message to Timothy is for you too! Don't let someone telling you that you are too young stand in your way. God can use anyone no matter how young or old. Pray and ask God what he wants you to do to make a difference in his world.
2. **“Set an example for other followers by what you say and do”** Paul's second piece of advice is for you too. This means if you want to see change, then show others what it looks like. Some people may not listen to what you say, but they'll see what you *do*.

So how can you make a change in the world? Maybe get involved with school programs like anti-bullying initiatives or a zero waste recycle plan. Be kind and try to get along with everyone, even people who are different from you. Remember, no matter how big the problem is, our God is bigger! With his help, we will make the world a better place.

Prayer

Dear God, thank you for the world you have given us. Help me to make your world a better place for everyone who lives in it. Amen.
